LOT OF CHARGES FILED AGAINST THIS STRANGER

Accused of Stealing Whisky
From a Box Car, and Articles
From Employees and Officials
in Railroad Yards—Arrested
Today

HAS NOTHING TO SAY AT ALL

Excellent work on the part of Special Police Pat Kirk and Dick Tolbert, of the Illinois Central, and Patrolman Jake Rouse, resulted in the arrest of Will Harton, a road head, red faced stranger, who is accused of several felonies, and who will be given a chance to explain his conduct Friday morning in police court.

Harton was arrested last night at the Illinois Central station while boarding a train to leave the city. He wore an overcoat identified as that stolen from A. F. Byers, assistant general yardmaster of the Illinois Central; and Harton was identified by Byers as the man who slept in his room at a lodging house when he missed the coat. Whisky, identified as that stolen from a box car, was found on Harton, also articles taken from Conductor Val Barlick's caboose.

Charges of robbing Barlick's caboose, of stealing the overcoat from Byers, of carrying concealed weapons and obtaining money by false pretenses in selling a pair of boots stolen from Conductor Barlick, have been filed against him.

He is suspected of having robbed Engineer Edward Walker of his watch and money last week, and the matter is being investigated. Harton refused to talk.

The accidental killing of W. H. Melton, of Hannahan, who fell from a street car at Seventh street and Broadway here several months ago and died of a fractured skull, has brought complications in his bankrupt matter.

This morning exceptions to the discharge of Melton as a bankrupt were heard by Referee Hagley, but continued until Friday to give Administrator Rudolph time to prepare an answer. Melton was adjudicated a bankrupt before death and had acquired about \$2,000 since the adjudication. This was exempted until death threw it into his estate, which now becomes subject to his debts.

FREIGHT STRIKE IN LOUISVILLE. STATE MEETINGS

Louisville, Oct. 15. (Special.)—Thirty-five clerks and 25 freight handlers at the Southern railway freight houses struck here this morning.

Kentucky Doctors.
Louisville, Oct. 15. (Special.)—The 52d annual session of the Kentucky Medical association convened today.

Shocked Louisville.
Louisville, Oct. 15. (Special.)—The shock from the Fontinet powder mill explosion was felt here.

Louisville, Oct. 15. (Special.)—The 17th meeting of the grand lodge of Kentucky Masons opened here this morning with 100 present. Deputy Grand Master Henry Barrett will be grand master next year. Grand Master Yeach read his report.

Mulal Hadj Loots Control House.
Tangier, Oct. 15.—The custom house at Mazagan was subjected to a second raid by Mulal Hadj's men the night of October 8, when 1,910 rifles were seized. A new administrator of the customs house at Mazagan, appointed by Mulal Hadj, arrived there October 11 and took the place of Iben Sliman, who had made his escape. He is a Foz man named from the Hadle Sibty, who formerly was a merchant in Morocco.

Edward and Czar to Meet.
Copenhagen, Oct. 15.—The Politiken's Berlin correspondent says that a meeting between King Edward and the czar at Copenhagen has been arranged.

ENGLISH RAILWAY SERVANTS ARE VOTING TO STRIKE FOR EIGHT HOUR DAY AND UNION

Terrible Wreck in Which More Than
Score are Killed and Many Hurt---
Train Burns.

London, Oct. 15.—At least fifteen persons perished, 22 were gravely injured and many suffered less serious hurts in a wreck of a Northwestern railway train on a curve near Shrewsbury today. Besides corpses already taken from the debris it is feared other bodies are buried in the wreck. Fire followed the crash and bodies of the dead were partly burned. Many of the injured were frightfully burned before they could be dragged from the timbers, which plumed them down.

London, Oct. 15.—About nine out of ten members of the Amalgamated Society of Railroad servants are voting for a strike on every line in this city. The results will be announced October 28. A walkout would tie up practically every mile of track on the island and paralyze commerce all over Great Britain. Men want an eight hour day, recognition of the union and also present other grievances. The Amalgamated society has a membership of 97,000.

Dupont Powder Explosion.

Terra Haute, Ind., Oct. 15.—At least four men were killed and scores badly injured in the explosion at the Dupont Powder works at Fontainebleau today. Practically the entire village was destroyed. The explosion was heard 50 miles from the scene. Reports, not verified, said probably 45 were killed in a public school building. The two-story structure collapsed, burying 200 pupils. A general strike and several other buildings collapsed, burying the occupants. Fontainebleau is a coal mining village, the only other industry in the vicinity being the powder works. Reports say many miners at work were killed or injured by mine walls caving in. A relief train was sent from here.

DOOLIN SAID DOG WAS SOLD BY SELF BUT HE IS HELD

Jim Doolin was held over to the grand jury for stealing a bull terrier from the James Jewell's grocery and saloon at Sixth and Finley streets on Saturday evening. Doolin attempted to lay the entire matter at the door of his companion, Jim Self, who has since disappeared.

Doolin and Self drove to Jewell's saloon and coaxed the dog into the buggy. They drove off, and according to Doolin's story, Self sold the dog at Jewell's wagon yard for 25 cents. Jewell testified that the dog was valued at \$50. He hasn't recovered the dog. Doolin's bond was fixed at \$300.

Illey Pitman in Ind.
Illey Pitman, a blacksmith, was held to the grand jury for obtaining money by false pretenses. He is accused of selling a hide to Wapfolk-Howers & company for \$2.35 when it did not belong to him. Pitman declared that he bought the hide from a stranger for 80 cents. The hide was taken from a farmer's wagon in a wagon yard near Clark and Third streets.

Married One Hundred Years.
Vermont, Oct. 15.—There has just been celebrated in the little village of Poundburg, the anniversary of a wedding which occurred just 100 years ago. All Hungarians are interested and the emperor has asked the authorities to forward to him official particulars, so he can personally congratulate the couple.

The long wedded couple are named Szathmar. The husband is 120 years old and the wife 116. They have hundreds of descendants in and around the village.

Grand Lodge Representatives.
James E. Wilhelm, E. W. Whittemore and Fred Roth, representing the Masons, and Mesdames Georgia Hellday, Harry Johnston, A. W. Wright and C. W. Lewis, representing the Eastern Star, are in Louisville to attend the grand lodge meetings of both orders.

Grain Market.
Cincinnati, O., Oct. 15.—Wheat, 110 1/2; corn, 70 1/2; oats, 57.

ANOTHER OFFICE IN LOCAL YARDS OF I. C. RAILROAD

Following closely on the creation of the office of "assistant general yardmaster of Paducah Illinois Central yards," comes the creation of a second office, that of "assistant general yardmaster of Paducah terminals, nights," and H. E. Hughes, of this city, has been given the position, assuming his new duties last night. This gives two assistant general yardmasters, Mr. Hughes' authority being as great during his hours as that of the general yardmaster. Now that the yard force has been thoroughly organized, no more serious blockades will result, it is thought.

Mr. Brack Owen went to Hamby station this morning on business.

Mr. Richard H. Bakrow, of Louisville, is in the city. He is at the head of Bakrow Bros., owners of the Palmer House cigar stand.

Mr. Bob Parrish went to Gilbertsville this morning to inspect lumber.

RECEIVED A SUPPLIE.

Arthur A. Mermol, Son of President St. Louis Jewelers.

St. Louis, Oct. 15.—It became known today that the dead body of Arthur A. Mermol, a son of the late Alexander Mermol, one of the founders of the Mermol, Jaccard King Jewelry company, was found in a room at the Commercial hotel yesterday and that he had committed suicide. Despondency is believed to have caused his act.

War on All Big Pumpadours.
Pittsburg, Pa., Oct. 15.—Manager of Pittsburg's big stores have declared war on the big pumpadours, and scores of girls who insisted on wearing their hair tails way have been discharged, one of the leading stores letting twenty go at once without recommendations.

The claim is made that too much time is taken by the girls in taking care of this high mass of hair.

The stores say they don't care for a neat little pumpadour, but the big ones must go.

Dr. F. V. Kibbrough, of near Maxon's, was in the city today.

SPARK FROM HIS PIPE DROPPED IN DRAWER AND IGNITED POWDER.

Conductor M. R. Robertson, of the Illinois Central, was burned Monday evening by the explosion of powder, which became ignited in a peculiar manner. Mr. Robertson was searching a desk for some papers when a spark from the pipe he was smoking fell into a drawer containing a small quantity of loose gunpowder. The powder ignited and flashed up and Mr. Robertson was severely burned about the face and hands. The explosion set fire to the papers in the desk and it was with the greatest difficulty the blaze was extinguished before serious damage was done.

NOISY BURGLARS WAKE NEIGHBORS AND ARE ROUTED

Front windows in Joe A. Gardner's and Gibson's drug stores were smashed in last night by burglars, who were frightened away before entrance was gained. Gibson's drug store at Ninth street and Broadway, was first visited. Mrs. Frank Hoover, who resides across the street, heard the crash and telephoned the police station, but too late to catch the burglars. A short time after Gardner's drug store at Third and Tennessee streets, was visited. Burglars escaped immediately after breaking in the window, sleepers upstairs being awakened by the noise.

STUYVESANT FISH LOST FIRST ROUND IN HARAHAN FIGHT

Chicago, Oct. 15.—Stuyvesant Fish lost the first round in his fight for the control of the Illinois Central. His attorneys asked Judge Ball to postpone hearing the case. Attorneys for Harahan and Harahan objected on the grounds the \$5,000,000 worth of stock has been distrained by the restraining order. Judge Ball declared he had notified Fish's lawyers when they requested the injunction that they must be prepared to defend it at once, and in ordered the appearance of attorneys entered, so that the arguing might proceed immediately.

Union Men Walk Out.

Eight union carpenters and caulkers employed at the docks of the West Kentucky coal company, at the foot of Ohio street, walked out this morning because the foreman gave employment to two non-union workmen. The company has been running an "open shop" for some time, the foreman, James Pruitt, being a non-union man. All the other mechanics employed have been members of the union, and but little friction has existed until this morning when two more non-union men were put to work. The eight union men promptly walked out and today the docks are being run by the three men. The officials of the coal company have not made any statements as to what would be done in regard to the strike.

WOODMEN OF THE WORLD ARE IN POSSESSION OF PADUCAH AND HOLD KEYS TO THE CITY

Time and Place.

Indianapolis, Ind., Oct. 15.—National Republican Chairman Harry S. New said today, "We will go to Washington tomorrow or Thursday and will there consult with Republican leaders regarding the selection of the place of the National Republican convention. I believe we shall have an early convention next year," said New.

PROPERTY AT FOURTH AND BROADWAY SOLD.

Drs. Jesse Gilbert and Will J. Gilbert have purchased the store building and site now occupied by the latter's drug store at Fourth street and Broadway, from E. L. Atkins and wife, for a private consideration. Mr. and Mrs. Atkins left yesterday with Judge W. D. Greer for Oklahoma on a prospecting tour.

STANDARD KNOWS WHAT ITS RIVALS ARE ENGAGED IN

New York, Oct. 15.—Hampton G. Westcott, vice-president of the Standard Oil company, of Kentucky, testified in the hearing of the federal suit against the oil combine, that in several southern states the Standard had found it expedient to sell much products through companies which the public believed to be independent. The practice of selling through the so-called independent companies which were owned by the combine was discontinued two years ago, according to Mr. Westcott.

Mr. Westcott threw a sidelight on the business department of the Standard concerning which the federal counsel has been seeking information since the beginning of the inquiry. Mr. Westcott testified that each month the main office of the Standard Oil company of Kentucky, at Covington, sent to him not only reports of the business operations of the Standard, but also statements concerning the freight shipments and sales of oil by all competitors. These statements, according to Mr. Westcott, gave the name of the consignee, consignee, amount of oil shipped and any information that might be available. Mr. Kellogg, counsel for the government, stated tonight that he expected to call William G. Rockefeller, assistant treasurer of the Standard Oil company of New Jersey, to the stand when the hearing is resumed tomorrow.

TELEGRAPHERS ALL FILE APPLICATIONS FOR NEW JOBS

Charleston, S. C., Oct. 15.—All of the telegraphers here have filed applications for reinstatement. The president of the local union formally called the strike off today.

Episcopal Convention.

Richmond, Va., Oct. 15.—The principal event in the general Episcopal convention today was the defeat of the so-called arch bishop or provinces bill which has been holding the attention of the house of bishops and house of deputies for the past two days.

THE WEATHER.

CLOUDY

Fairly cloudy tonight and Wednesday. Warmer tonight. Highest temperature yesterday, 61; lowest today, 37.

GERMANY DENIES ANY PURPOSE TO ANNEX AUSTRIA

Reasons Why Such Amalgamation is Not Possible Sent to Ambassador at Washington For President Roosevelt's Satisfaction

WOULD NOT BENEFIT EMPIRE

Vienna, Oct. 15.—Although Emperor Francis Joseph seems to be holding his own today, physicians do not attempt to hide their uneasiness. There are no signs of recovery. The patient's age counts heavily against him.

Berlin, Oct. 15.—Regarding the persistent reports published in the English press that Germany desires to absorb Austria in the event of the death of Francis Joseph, it may be stated that the policy of Germany with reference to the internal affairs of Austria-Hungary has been declared to be one of entire aloofness.

The foreign office some months ago sent a dispatch on this subject to Baron Speck von Sternberg, German ambassador at Washington, for the information of President Roosevelt. The relations between Austria and Russia were reviewed in this communication historically, beginning with the controversies in the old German federation, which were settled by the war of 1866, and it was further set forth how Prussia, since then, had maintained the headship of the German states.

The entrance of Austria into the German imperial system would, according to the Prussian view, tend to revive the old antagonisms which had come to an end with the entire exclusion of Austria from the German councils. Furthermore, a strong Austrian empire was shown to be of advantage to Germany, because it was friendly to the government of Emperor William and a support to the present equilibrium of Europe.

In addition to the foregoing reasons embodied in an official expression there are two or three other considerations why Germany should not absorb Austria, which are regarded as vital to the German empire. The process of German unification is not yet so advanced that Austria could be taken with safety into the interests already firmly established.

It is known also that the Hohenzollern dynasty influences are against a course of action which might increase the numbers and strength of the Catholic party in Germany. This party already is very powerful, comprising about one-third of the total population, and should Austria come in with an immense addition of Catholics it would rekindle religious controversy and make the problems of government more difficult.

In addition to all this the German official view is that the Austro-Hungarian monarchy is not in the slightest danger of dissolution.

FISCAL COURT MEETING.

Fiscal court will meet in special session tomorrow for the purpose of opening bids for a steam heating and lighting plant at the court house and jail, and receiving a report from a committee appointed to settle with Fairbanks-Morse & Company, of Louisville, for water pump equipment at the county poor farm. It is understood that the committee will report favorable to a settlement for \$100.

COUNTRY HOME BURNS.

Smithland, Ky., Oct. 15. (Special.)—When the family of Calvin Briskill, of near Irka, were awakened at an early hour this morning by the crackling of flames they found their home in flames, and it was with difficulty they all escaped. The house burned down and the loss was total. A defective flue is believed to have been the cause of the fire.

Lost Dog Recovered.

Mr. Richard Rudy yesterday recovered his fine bird dog that was stolen a year ago. The party stealing the dog left it on a farm near Little Cypress.

Thieves Got Whisky.
Thieves broke into Nelson's saloon, 407 South Third street last night and stole some whisky.

MURDER IN FIRST DEGREE CHARGED

Prosecution Will Demand the Life of Fred Magill

Dramatic Testimony of Friends of Family, Will Be Adduced at Trial.

THE HAND WRITING IDENTIFIED.

Paducah, Ill., Oct. 15.—The prosecution will end its testimony against Fred Magill, the former Clinton banker, and his wife, Fay, charged with the murder of Mrs. Pet Magill, tonight.

"We will show the character of Magill and establish his guilt beyond any reasonable doubt," say the state's attorneys.

It is generally believed the state will consent to an acquittal for Fay Magill and that a verdict of murder in the second degree will be asked for Fred Magill. The attorneys however deny this. They say they will demand the death penalty for Magill and a lighter sentence for his wife.

Postmaster Frank Davidson, of Clinton, an intimate friend of the Magill family and a member of the coroner's jury, will be a witness. He will tell of Magill's nervousness on the morning after his wife's death. When the question of an inquest arose Magill is alleged to have exclaimed to Davidson:

"Why is an inquest wanted? People don't think I killed her, do they?"

Miss Ida Grandy, sister of Mrs. Pet Magill whose home is at Dayton, Ohio, will be here to testify as to the genuineness of the letters. Under the laws of Illinois there can be no expert witnesses on hand writing. Only those familiar with the penmanship of writers are competent to pass upon the reliability of chirography. Mrs. Magill's former correspondents will pass on the letters.

Warren Houghton, of Denver, and Benjamin Silverman, of Colorado Springs have arrived.

It is said Houghton is in possession of letters written by Fay Graham and that these documents will throw light on the motive for the death of Mrs. Magill. What Silverman will swear to is not revealed.

OKLAHOMA JOINS DRY RANKS—625 SALOONS TO BE CLOSED.

Guthrie, Okla., Oct. 15.—Six hundred and twenty-five saloons will go out of business when the new state government becomes effective. The canvass of the election returns shows that state wide prohibition carried by a majority of more than 18,000. There is only one brewery in Oklahoma, and it will quit business at the same time as the saloons.

A difference of opinion exists as to the exact time when the saloons must close. It has been contended that as a part of the constitution prohibition becomes effective immediately when the president issues his proclamation admitting the state into the Union.

The prohibitionists believe they have discovered a joker in the prohibitory provision of the constitution as it does not prohibit the shipping of intoxicating liquors into the eastern or Indian territory, half of the state but leaves the enforcement of the traffic entirely with the various county attorneys. In several of the larger Indian territory cities several saloons will be started the next day after President Roosevelt's proclamation is issued, depending upon the county attorney to be a friend rather than inimical to their business.

EDUCATION

AND HIGHER PAY FOR MINISTERS INTEREST SYNOD.

Kentucky Presbyterians Hold Important Sessions at Midway, Beginning Today.

Elder J. M. Brunson, of the First Presbyterian church, went to Midway today to attend the Kentucky synod.

A Louisville paper says: "Present indications are that Louisville or its vicinity will be made the seat of the educational institution for girls, which is to be established by the Southern Presbyterian church. In lieu of the Woman's college, which was to have been established at Danville, as the joint college of the northern and southern Presbyterians in this state. The plan for this joint action fell through some time ago, and since then members of the southern synod's committee have been looking about for a suitable institution to make a nucleus for the college which it has been determined to establish.

"According to members of the committee Bellewood Seminary, at Anchorage, is the institution which most of them favor.

"The matter of education will be discussed at a meeting of the Kentucky synod. The retiring moderator will open the session with a sermon, after which a new moderator will be elected. Many questions of importance will be considered.

"Higher pay for preachers will

likely prove a topic of interest. This will come up in connection with the synod's evangelistic work as it is said that many of the mountain preachers are receiving pay not in proportion to their labor."

ORCHESTRA

WILL BE ORGANIZED IN HIGH SCHOOL THIS YEAR.

Teachers Believe Talent Equal to That of Last Year Is Available.

Semi-monthly concerts so popular in the high schools last year, will be resumed this year, the faculty deciding on organization of the high school orchestra. Organization will be effected this week, and Friday the first musical program will be rendered. Mr. Clark Bondurant, first violin who led last year, will lead Friday for the one concert. Mr. Bondurant graduated last year, but on request of the faculty agreed to play the one time.

With the material in the high school, teachers believe that they can organize as good an orchestra as that of last year. Following are the pupils who will doubtless compose the orchestra: Miss May Bonds, piano; George Rawleigh, first violin; Bertram Brown, clarinet; Robert Bondurant, cornet, and Stewart Bonds, trombone.

Flukes of Dandruff on the Collar and Shoulders of a Gentleman in Fall Dress.

This is the thing you quite frequently see in the ballroom—a man's black dress-coat literally covered with dandruff.

It must be annoying to the wearer, and certainly not a pleasant thing to observe. But dandruff can be eradicated. It is a germ disease that will some day cause baldness.

Newbro's Herpicide kills the hair-destroying germ, and stimulates the hair to a rich, abundant growth. It does more—keeps the hair soft and pliant.

Furthermore, Herpicide is a most pleasant toilet accessory; of pleasing odor, and cooling to the scalp.

Sold by leading druggists. Two sizes, 50c and \$1. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. W. B. McPherson, Special Agent.

SOUTHERN

CHARGED WITH DISCRIMINATION BY COAL MEN.

Is Enabled to Fix and Dictate Rates and Prices and Act Arbitrarily.

Washington, Oct. 15.—The Miners' Coal company, the Tennessee Coal and Iron company and the Itoyal Coal and Coke company, all of Knoxville, Tenn., have filed a complaint with the interstate commerce commission against the Southern railroad, charging that it practices discrimination in the allotment of cars to them. The complaint alleges that the railroad has certain "preferential cars," "railway fuel cars" and "arbitrary cars" which it does not count in the allotment of cars to the various mines, and that this works a hardship on them. They assert that where there are two miles, one in favor of the railroad and the other not, the railroad will claim that there are, out of a hundred cars, fifty that are "preferential" or to be "loaded with fuel for the railroad." This leaves only fifty cars to be ratably apportioned, and the next result is that one company gets seventy-five cars and the other twenty-five out of the hundred.

The complainants state that by reason of this discrimination the Southern has been able for more than a year past to fix, dictate and maintain a rate of \$1.10 per ton on all coal purchased from mines on its Knoxville division, whereas the complainants' coal sells for more in the commercial markets. They ask for damages ranging from \$50,000 to \$100,000 each.

\$100,000 LOSS.

Fire at Pencoyd Iron Works of the American Bridge Company.

Philadelphia, Pa., Oct. 15.—Fire today at the Pencoyd Iron Works of the American Bridge company on the outskirts of this city, caused damage to the extent of about \$300,000. The carpenter shop, lumber storehouse, erecting shop and two dwellings were destroyed, including some important plans and models. The origin of the fire is not known, but is believed to have been started by traips who were spending the night in a freight car near the carpenter shop.

Linen Mesh is the Ideal Winter Underwear.

Each year more men try linen mesh underwear, and invariably they like it so well they always wear it thereafter.

It is the ideal underwear for winter or summer wear, keeping, as it does, the temperature of the body always normal.

Most of the Paducah physicians are wearing linen mesh and we should like to show it to you and tell you why it is the best to wear ALL the time.

PHILIPPINE ASSEMBLY TO MEET.

Taft's Address Will Influence Future Action on Political Questions.

Manila, Oct. 15.—Great interest is shown in the opening of the first Philippine assembly, which will take place this week, and the arrival of Secretary Taft, which comes at an opportune time in the inauguration of Philippine home rule. At a caucus a motion to have the assembly proceedings opened with prayer was defeated by one vote. The action of the assembly on questions relating to the political future of the Philippines is expected to be determined largely by the opinion expressed by Secretary Taft in his address opening the session.

The course of legislative action will depend mainly on the result of the fight of the Gomez radicals for control of the national party.

The indications are that Manuel Quezon will be the successful candidate for speaker. He is believed to be favorably regarded at Washington and his election gives assurance that no resolution for the independence of the Philippines will be considered.

ARMY OF CUMBERLAND.

Annual Reunion Being Held at Chattanooga.

Chattanooga, Tenn., Oct. 15.—The advance guard of veterans who will attend the reunion of the Army of the Cumberland began to arrive in the city today, and the first members of Wilder's brigade came in last night.

The Society of the Army of the Cumberland will meet in the convention hall at the Read House Wednesday morning at 10 o'clock, with Gen. G. P. Thurston, president of the society in the chair. The morning session and the afternoon session at 3 o'clock will be given to the regular business of the society. At 7:30 that night the annual oration will be delivered by Col. M. H. Fitch. On Thursday morning the soldiers will visit the battlefield of Chickamauga. That night the annual banquet will take place at the Elford House.

A feature of the meeting will be the presence of Maj.-Gen. O. O. Howard, the only surviving corps commander of the army.

HELP OF ALL SWEDES IS ASKED.

Subscriptions to Build Challenge Is Solicited in America.

Stockholm, Oct. 15.—Should the Americans insist on a larger craft than the seventy-footer for the yacht race for the American cup it is estimated that it will cost 1,200,000 kronor, instead of 500,000 kronor which Messrs. Kyhlberger and Olsson originally estimated.

Mr. Olsson is drawing up a subscription proposition appealing to Swedes, not only here, but also to those who have become well-to-do in the United States to put up their cash to help Sweden's sporting effort.

Mr. Olsson accordingly asks the Swedish newspapers throughout the United States to copy this dispatch, so as to interest the 2,500,000 Swedes living in the republic. In reply William Olsson, Stockholm, is ample address.

PRETTY PHOTO WINS \$100,000.

Wealthy Mexican Leaves Fortune to Woman Whose Portrait He Admired.

Milwaukee, Oct. 15.—Mrs. Lydia Paschke, of this city, has been left a fortune of \$100,000 by Senor Juan Jose Manda, of Mexico. The senor saw a photograph of Mrs. Paschke and fell in love with it. He wrote a letter to the young woman ardently expressing his love, but she did not respond. Soon afterward he died, and when his will was opened it was found that his entire fortune was left to the woman of the picture whom he had never seen. Inasmuch as there are no heirs at law, and as the will is legally drawn, Mrs. Paschke will get the money as soon as the estate is administered. Mrs. Paschke was until recently Mrs. Paul Rosenthal, of West Bend, Wis., but was granted a divorce, the custody of her daughter, 2 years old, and the privilege of resuming her maiden name.

Woman Rattles Not Guilty.

Milwaukee, Wis., Oct. 15.—Mrs. Romadka is not considered a criminal by the Chicago police. I have been told by them that they do not consider her responsible for the crimes which have been laid at her door, and that when they are able to capture the responsible party, the mysterious "Ralph Smith," I may take my client out of the Chicago police station a free woman.

This astounding statement was made by John F. Donovan, attorney for the woman "Raffin." In other words, Mr. Donovan declared that his client is not the vile creature she has been painted, but that she has been foolish or insane enough to take upon herself the burden of the robberies to shield a man.

On Trail of "Smith."

Chicago, Oct. 15.—Central station detectives have closed on the trail of the mysterious "Ralph Smith," confederate of Mrs. Evelyn Chln Romadka, the confessed woman burglar, at the fashionable Lakota hotel, Michigan avenue and Thirteenth street.

PHILIPPINE

ASSEMBLY WILL CONVEY ON ARRIVAL OF SECRETARY TAFT.

Action of Assembly on Matters Affecting Political Future of Archipelago.

Manila, Oct. 15.—Great interest is shown in the opening of the first Philippine assembly, which will take place this week, and the arrival of Secretary Taft, which comes at an opportune time in the inauguration of Philippine home rule. Already the contending political factions are showing great activity and at the caucus recently held the first brush occurred over a motion to have the assembly proceedings opened with prayer. This was defeated by one vote, on the broad ground that affairs of church and state should be kept distant. The caucus was attended by forty-eight delegates.

The action of the assembly on questions relating to the political future of the Philippines is expected to be determined largely by the opinion expressed by Secretary Taft in his address opening the session. This is the view held by Philippine as well as Americans. The latter are generally in favor of a speedy announcement on Philippine policy. The course of legislative action will depend mainly on the result of the fight of the Gomez radicals for control of the national assembly. The nationalists, when united exercise controlling influences, but their internal divisions give the progressive independents the balance of power. It is not likely that party spirit will play much part in the assembly's affairs owing to personal differences within the parties.

Guerrero, one of the native leaders of Manila, backs Gomez in his promise to secure the repeal of the "Flag Sedition" laws. If this repeal is carried through other radical measures probably will follow. The conservative element declares against any extreme legislation and the better class of politicians favor an ultra conservative course. The attorney-general and the officials of the Philippine commission expect that the chief activities of the assembly will be devoted to the enactment of legislation for the general improvement of the islands.

The indications are that Manuel Quezon will be the successful candidate for speaker. He is believed to be favorably regarded at Washington and his election gives assurance that no resolution of the independence of the Philippines will be considered. Quezon is one of the two delegates from Tayabas. He is a lawyer and in the last insurrection was a major in the Filipino army.

No Racy Pictures in Prison.

Pittsburg, Pa., Oct. 15.—It developed today that the cause of the riot by convicts of the western penitentiary during chapel services last Sunday was due to a moving picture man getting the wrong films. Instead of views suitable for Sunday services he displayed pictures of bathing resort girls and actresses in negligee. When the inspector rose in the chapel and gave orders to shut down the machine he was greeted with hisses. The rebellious convicts were put in the dungeon.

STANDARD OIL PLANS MERGER.

UP BIG NATURAL GAS PLANTS.

Pittsburg, Pa., Oct. 15.—One of the first steps in the proposed reorganization of the Standard Oil company may mean the concentration of the natural gas interests of the Standard under one company, with Pittsburg as the headquarters.

The People's Natural Gas company of Pittsburg, it is declared, is to be used as the nucleus of a great new organization, with a New Jersey charter.

What Osteopathy Is.

The question is often asked "What is Osteopathy?" for some people have a very vague idea of this new science that is doing so much to aid mankind.

Osteopathy, when well digested, is nothing but good sense and reason.

It is a method for treating disease by manipulation, to restore the normal condition of the nerve control and the blood supply to every organ of the body by removing the physical obstructions, or by stimulating, or checking, functional activity, as the conditions may require.

A diseased body is caused by some interference to a working part of the organism, and a correction of it brings restored health. Therefore, osteopathy finds the disturbance and, fighting it, effects its cure.

Some of the diseases in which osteopathic treatment has been the most effective are headaches of all kinds, nervous disorders, malaria and bilious, tired down and tagged out conditions, indigestion, a list of many forms, kidney troubles, neuralgia and rheumatism. It treats successfully, however, nearly all diseases. If you are ailing, no matter what your particular trouble may be, I should like to have you call and let me tell you why Osteopathy will cure it. Your special case, I do not claim that Osteopathy is a cure-all, but am frank and will tell you what it will do in any individual case, at the same time referring you to people you know, who will gladly tell you what the treatment has done for them.

er and capital of \$100,000,000. It is stated that in Pennsylvania, West Virginia, Ohio and Indiana the Standard furnishes natural gas to more than 200,000 consumers.

The People's company of Pittsburg now has about 20,000 consumers and it is now reaching out to Johnston and the populous Cornucopia valley. It was bought several years ago for about \$5,000,000 and since then the Standard has been expanding it as rapidly as possible. C. N. The Journal's Attitude Toward the County Unit Bill.

The Kentucky Journal, the personal organ of Governor Beckham, the mouth-piece of the administration at Frankfort and its defender on all occasions, exclaimed, during the pendency of the County Unit Bill in 1895: "Kill the County Unit Bill. It is hoped the senate has sheaved it for good and all." Later it said:

"The Anti-Saloon League has issued a proclamation against the County Unit Bill, as amended by the senate, and announced that it will fight the measure and those who vote for it. Such threats have been made so often and their results so fruitless that they will not excite even the weakest-kneed." Still later this same organ, after congratulating the good people of Lincoln county on winning a local option election, added:

"The blind tiger is more demoralizing than the open saloon." That is the stock argument of every whiskey man.

The attitude of the governor's personal organ proves the truth of General Percy Haly's letter, when he said: "We all fought that bill; but when we saw one had to pass and the passing the County Unit Bill with all the big cities exempt will satisfy the liquor men in the cities and the temperance folks in the country . . . we just delivered the goods to both sides."

Strike Off at Milan.

Rome, Oct. 15.—Although the general strike has been officially called off at Milan, the labor situation in other cities of the North of Italy is disquieting. It is understood that the decision taken by the labor leaders at Milan was the result of a promise on the part of Signor Giolitti, the premier and minister of the interior, that the government would punish the carbiniers who fired on the strikers if the investigation being made proves that they were not justified in shooting into the crowd.

Neck Broken During Encounter.

Memphis, Tenn., Oct. 15.—Ralph Peck, of Chicago, a chauffeur who has been engaged here several months, had a personal encounter with Sterling Lavender, the son of a policeman, on a street car last night. Peck's neck was broken, and Peck is being held charged with murder.

Italian Bark in Trouble.

Mohile, Ala., Oct. 15.—A fine of \$5,000 has been imposed on the Italian bark Rosa T., for failure to produce entry papers into the port of Mobile. The vessel arrived here on Friday last from Brindisi, Italy, with a cargo of salt. Capt. Salvo, master. An appeal to the treasury department at Washington has been made.

The steam heating plant in McKinley school is ready for acceptance by the building committee, and Contractor Ed Hannan has invited an inspection. As soon as material arrives, Contractor Hannan will begin installing steam heating equipment in the new school building now under construction.

Assistant Postmaster Pringles Enjoins-Hypo.

"Gentlemen:—Having used Haver Beechwood Enjoins-Hypo with iron in my family and taken it myself, I afford me great pleasure to recommend it as the best medicinal tonic and flesh-builder, giving strength and energy to the weak that I have any knowledge of. Yours truly, John T. Fisher." Six bottles \$5.00, from your druggist.

The Splendid New Serial Story

Satan Sanderson

Satan Sanderson is the true embodiment of the requisites that make a really great story. It gives the reader a look into a little world of action where all of the emotions that make or mar life—and lives—are set in swift, exciting play—one against the other. Incident follows incident with quick succession, and a vivid panorama of intrigue, mystery, love and strange adventure kindles the interest to the fusing point.

Written in a charming style, brilliant in coloring, picturesque in background, faithful in characterization and intensely dramatic, with stirring climax, Satan Sanderson is by all odds the best story of the year.

TRAFFIC IN GIRLS IS TO BE STOPPED

Immigration Officials are Taking a Hand

Young Women Imported into New York From Paris and From China, It Is Said.

DETECTIVES ARE ENGAGED

Washington, D. C., Oct. 15.—That the federal authorities, working in conjunction with the local police in New York and other large cities throughout the country, intend to break up the slave traffic in women and boys is vouched for by Oscar S. Straus, secretary of commerce and labor, and Frank P. Sargent, commissioner general of immigration.

Reports just placed in the hands of officials here show that women are being brought to the United States in ever increasing numbers from nearly every European country, particularly France, and from China and Japan. In New York, for example, according to advices received from Helen M. Bullis, who was appointed immigrant inspector at Ellis Island for the purpose of paying special attention to the illicit traffic in women, houses run for immoral purposes are supplied with girls from Paris.

Several disorderly houses in New York, known to harbor women imported for improper purposes, are now under surveillance. The important thing, in Miss Bullis' opinion, is not to deport these women but to apprehend and punish to the extreme limit of the law the men engaged in the business of trafficking in them.

Would End Traffic in Boys.

Secretary Straus, in his determination to end, if possible, the slave traffic in women also plans to break up the system whereby hundreds of boys, most of them Greeks, are held in a number of big cities of the United States in a condition practically amounting to bondage. Under Secretary Straus' direction a comprehensive inquiry into this form of slavery has been in progress for months. The investigation is indirectly in charge of Melblades Seraphic, a Greek, recognized as one of the most competent inspectors in the immigration service. In this case Greek has been pitted against Greek with gratifying results to the government. Inspector Seraphic has prosecuted his work in New York, Boston, Philadelphia, Chicago, St. Louis, Kansas City, Indianapolis and New Orleans. His reports, it is understood, disclose a startling state of affairs, and in a number of instances, upon evidence collected by Seraphic, Greek padrones have been brought into the courts and convicted of violations of the immigration laws. Other convictions in this connection are expected to follow.

Miss Bullis Travels on Steamers.

Miss Bullis was authorized to travel on immigrant steamers plying between New York and foreign ports. This was done when Secretary Straus' attention was first directed to flagrant violations of these provisions of the law relating to women or girls imported for immoral purposes. Miss Bullis was given a temporary appointment, but the indications are that she will be permanently retained in the immigration service.

In the Work of Driving out the

white slave traffic the authorities expect great aid from certain foreigners in New York, some of whom, however, prefer to extend a helping hand in the form of anonymous letters, such as the following, a copy of which has just been forwarded to Washington by Miss Bullis:

"If you want to make a good round up of women annually arriving in this country, go to (naming a resort on the west side). That house is run by a Frenchman, and is the first step in this country of a good many women from Paris before they are sent to the disorderly houses of Chicago

and the clubs of western states and Alaska. There are about eighteen women always in that house. They are in the country not more than two or three weeks, and some are under age."

The house designated was visited by the New York police and the facts as represented in the anonymous communication substantiated. It is understood, in every detail.

Pacific Coast Cities to Aid.

On the Pacific coast the practice of luring over Japanese and Chinese girls for immoral purposes is an old story. Local police authorities on the coast are said to have winked at the traffic, but now that the federal government has become awakened to the seriousness of the situation it is the expectation that the police of San Francisco, Seattle and other coast cities will co-operate to the end that the immigration laws may be vigorously enforced.

Secretary Straus and Commissioner General Sargent have issued instructions to immigration officers to arrest and deport alien women of ill repute and procurers of such women.

If Secretary Straus can break up the traffic in immoral women and boys brought to this country to serve in practical slavery he will commit it as one of the most important achievements of his administration of the department of commerce and labor.

ECZEMA SKIN DEEP—NOT IN THE BLOOD.

Skin Diseases Can Be Cured Only by Treating the Skin.

It is useless to try to cure skin disease by pouring vile, poisonous drugs into the stomach—this has been proven by years of study and experimenting by the world's greatest scientists and specialists in cutaneous diseases.

When it was proved that skin disease was in the skin only and not in the blood, attention was immediately given to discover a remedy that would cure the disease by external application. Years were spent in study and experimenting, but finally Dr. Decatur D. Dennis, a skin specialist, of wide reputation, compounded a remedy consisting of purely vegetable ingredients and as clean and pleasant to use as pure water. This instantly gave relief and quickly cured the worst cases of skin disease. This remarkable remedy is called D. D. D. Prescription and the secret of its success is that it gets at the seat of the trouble, immediately killing the germs that cause the disease, and leaves the skin soft and clean, the disease completely cured.

"I had eczema and tried (30) doctors for (60) months," writes F. R. Tesar, banker and city collector of Hopkinton, Ia. "They did me no good. I wrote for a sample bottle of D. D. D. and started to use it. My face and mustache were all full of the disease. The sample did me good, and I wrote for a dollar bottle, and now my face is smooth as a baby's. My head was full of dandruff and always itched, my hair was coming out but has stopped now. This has all disappeared and I feel 20 years younger. I would not be afraid to guarantee D. D. D. to cure eczema and dandruff in the worst stages. I would also advise that all barbers tell their customers who have dandruff to send at once for a dollar bottle of D. D. D. and get cured."

A liberal sample bottle can be had free postpaid by writing the D. D. D. Co., 112 Michigan St., Chicago, Ill., enclosing only 10c to help pay cost of packing and mailing. Or you can find this wonderful remedy on sale by R. W. Walker & Co., Fifth and Broadway, where you may also get free booklets on treatment and cure of the skin, dieting, and bathing.

POSTAL FRAUDS \$1,000 A DAY.

Lack of System in Money Order Department Costly to Government.

Washington, Oct. 15.—Confronted with a statement by Henry A. Castle, former auditor of the postoffice department, that the government for a long time had lost in average of \$1,000 daily through error and fraud in the money order system, the congressional commission which is inquiring into postal methods has gone far enough to decide that important reforms are necessary in the conduct of the service.

The postoffice for years has been without the system of checks and balances known to every efficient private business enterprise. Before steps were taken to correct this defect, a postmaster in a western town, for instance, might issue a money order for \$100 to be paid in New York. He would receive the \$100 from the applicant and notify the postmaster at New York by the usual means, that he had issued an order for \$100. It is reported to the department he might state that the order issued was for only \$1.

The system was such that the fraud would not be detected, for the western postmaster's order to the postmaster in New York and his report to the department were not brought together for comparison.

The Chief's Rebuke.

The New York Tribune tells this story of Admiral Walker: A brisk young naval officer one day rushed into the reception room of the chief of the bureau of navigation and petulantly demanded of the former-looking person in civilian attire who was walking up and down the room: "Is Walker in?" The plain individual thus addressed stopped short, looked the caller over with a quizzical gaze, and replied with most humiliating liberation: "Don't be so formal. Call me John."

NOTABLES COMING

TO PLAN INTERNATIONAL S. S. CONVENTION.

Will Meet in Louisville Last of This Week—Plans for Entertainment.

When the executive committee of the International Sunday School convention for the purpose of hearing reports and discussing ways and means for advancing Sunday school interests throughout the United States, the Dominion of Canada, Newfoundland, Alaska, Mexico and the West Indies, Louisville will have as her guests the most notable Sunday school workers of the country. There will be representation here from every state in the union, from the Dominion of Canada, and from the other places named. The boiler of the Fannie Wallace is being repaired, and while she is being repaired the Kuttawa is doing the hauling work for the West Kentucky Coal company.

The Jim Duffy was let off the marine ways yesterday, the repairs to her hull having been made. The boat was not so badly hurt by her stay on the bottom of the river as she was first thought, and the expense of repairing the craft not so large as anticipated.

The towboat Lydia has gone to the Tennessee for ties.

Capt. M. H. Campbell has arrived from Cairo to make his headquarters here in the future.

Capt. Swain Townsend left yesterday for Springfield, Tenn., where he is superintending the construction of six large barges for use in the Big Sandy river.

The Inverness has gone to the Tennessee for a tow of ties.

The steamer Samina arrived from the Tennessee river with a cargo of 115,000 feet of lumber and a good manifest of peanuts and other produce, and will depart on her return this afternoon at 5 o'clock. She failed to bring the barge America from Riverport, Ala. The barge was recently purchased of the Big Four Benton Lumber company by the Kansas City Steamship company to be used by its steamers in transporting freight to Kansas City on account of the low water in the Missouri river and to avoid overloading the steamers.

Commodore Henry Seville is making preparations to winter his fleet of steamers at the mouth of the Tennessee river above Paducah, Ky., which is considered one of the best winter harbors in the country, being available to a dock company and fine resources of abundant timber besides, with good facilities of transportation of workmen. Let Us Show You How It Cuts the Fuel Bill in Half For Soft Coal, Lignite or Hard Coal

As you know fully one-half the carbon available for heat in soft coal is gas, the entire gas supply used for fuel and illumination in many cities and towns being made from common soft coal. The ordinary stove in burning soft coal allows this gas half of the fuel to pass up the chimney unburned, thus wasting it as a heat producer.

Cole's Original Hot Blast Stove, by means of the patented Hot Blast draft and other patented features, distills this gas from the upper surface of the coal, utilizing it as a heat producer along with the fixed carbon or coke in the coal, thus burning all the coal. This is why

Cole's Original Hot Blast

Saves the Dollars and makes a ton of common \$3.00 soft coal or lignite do the work of \$9.00 worth of hard coal.

Your old stove and imitation Hot Blast are not air tight, do not save the escaping gases and do not give you a warm house at night. You cannot afford to say to yourself "My old stove will have to do this winter." The old stove is eating up the price of a new stove every year. Not only that, but on top of the cost is the unsatisfactory result it gives. It is always out the coldest morning.

Even Heat Day and Night—Fire Never Out

Cole's Hot Blast is so perfect in construction that fire keeps all night, and when the draft is opened in the morning will burn two or three hours with the fuel put in the night before. No other stove does this. Fire, therefore, never goes out, and the rooms are kept at an even temperature all the time.

OUR GUARANTEE

- 1.—We guarantee a saving of one-third in fuel over any lower draft stove of the same size, with soft coal or lignite.
- 2.—We guarantee Cole's Hot Blast to use less hard coal for heating a given space than any base burner made with same heating surface.
- 3.—We guarantee that the issue can be heated from one to two hours each morning, with the soft coal or hard coal put in the stove the evening before.
- 4.—We guarantee that the stove will hold fire with soft coal 30 hours without attention.
- 5.—We guarantee a uniform heat day and night, with soft coal, hard coal or lignite.
- 6.—We guarantee every stove to remain absolutely air tight as long as used.
- 7.—We guarantee the feed door to be smoke and dust proof.

The above guarantee is made with the understanding that the stove be operated according to directions, and set up with a good fire.

For Hard Coal—Saves Half

The perfect control over the drafts, the slow economical combustion and the large positive radiating surface make Cole's Original Hot Blast the most economical and the best Hard Coal stove made.

Cole's Hot Blast is the modern heater and will save its cost in fuel every winter. Buy one for your home now.

Would You Lose \$50.00 in Fuel to Save \$1.00 on the Cost of Your Stove?

That is what you do when you buy a cheaply constructed, putty jointed, showy made imitation stove. Like all successful inventions, Cole's Original Hot Blast has many inferior imitations, avoid them. They all lack the patented features and careful construction, which make the Original Hot Blast a great success. They do not stay tight and soon open seams and cracks which render them worthless as fire keepers. See the name "Cole's Hot Blast from Chicago" on the feed door. None genuine without it.
